

08-02-2007

Adding Orthodontics to my practice was the best thing I have ever done.

The extra income, the addition of another sub-specialty to my daily routine, and the ability to keep more patients in my practice are but a few of the advantages. This was efficiently and predictably accomplished through the Light Force Orthodontic Program utilizing the Tip-Edge Technique. I was able to quickly incorporate this into my practice, treating cases during my first year in the course, while improving my understanding and ability in the clinical setting as well as the classroom.

I would recommend this course to any GP who is interested in increasing the scope of their practice and adding a substantial amount to their bottom line.

Dr. Jeff Chutskie
Cedar Grove Dental Assoc.
SOMERSET, NJ 08846
